## Program for Firemen's Meet Here Arranged

**Exhibits, Demonstrations, Golf Tourney, Mardi Gras Will Be Features**

Committees for the ninth annual Lake County Firemen's convention to be held here June 24 were appointed at a meeting of the Antioch fire department Tuesday evening in the city hall. Chief James Stearns, James W. McMillen, secretary, C. B. Shults, Lieutenant John L. Horan, Village Trustee Walter I. Scott and President L. D. Powles will head the general committee, assisted by the entire membership of the department.

A tentative program outlined for the all-day gathering includes a golf tournament in the morning, contests, exhibits, a parade and demonstrations in the afternoon, and a "Mardi Gras" with street dancing in the evening.

**Fox Lake Men Present**  
A delegation of Fox Lake firemen was present at Tuesday evening's meeting. Noel E. White, of Fox Lake, discussed the proposed pension law for volunteer firemen, to be brought up at the next session of the Illinois legislature.

A discussion on the recent fire at the Antioch Milling company brought out the fact that it would be advantageous to the Antioch fire department to have an adapter for use with any fire hydrant, since by the good fortune of the Fox Lake department having brought one on that occasion, it was possible for their truck to hook up to the Antioch fire hydrant for pumping purposes.

James Dunn, who has moved to Chicago, was placed on the retired list of the Antioch department Tuesday evening. A request from Albert Shepherd to have his name placed on the retired list was also accepted.

On Monday evening, Chief Stearns, Scott, Horan and Howard Strang attended a meeting of the Cook County Firemen's association at Elmwood Park.

## Channel Lake Club Ends Member Drive

**"Open House" for Luncheon Project Announced for May 20-25**

Mrs. Nicholas Zeien, with 24 new members to her credit, was acclaimed winner of the Channel Lake Community club's membership drive at a meeting Monday evening in the Channel Lake school.

Second prize went to Leslie Rogers with 19 new members, and third to Grace Eltherington with 15 members.

"Open House" will be held at the school during the week of Monday, May 20 - Saturday, May 25, for the purpose of allowing friends of the school to inspect the "hot lunch" W. P. A. project that has been successfully carried on for the pupils during the past months.

A speaker will be present Monday. All sponsors from Antioch and Oakland will receive dinner. Vernon Rogers and Nicholas Zeien, the refreshments committee for the meeting Monday night, served miniature "smorgasbord" plates of lima beans, herring, limburger cheese and vienna sausages. These were followed with a surprise dessert of ice cream and cake.

## Kenosha Co. Dairymen's Banquet Set for May 23

The annual Kenosha County Dairymen's banquet will be held on Thursday evening, May 23, at the Pleasant Prairie State Graded school, located east of the village of Pleasant Prairie on the Wilmot road.

The banquet is scheduled to get under way at 7:00 P. M. A. J. Glover, editor of Hoard's Dairymen and a regent of the University of Wisconsin will deliver the main address.

Glen W. Vergeront, in charge of the Farm Accounts and Dairy Records office at the University of Wisconsin, College of Agriculture, will be present to talk on Wisconsin's D. H. I. A. program and award the Honor Roll Certificates to members of the two Dairy Herd Improvement Associations whose herds have averaged 30 or more pounds of butterfat during 1939. There will also be plenty of good entertainment on the program. Dancing will follow the banquet and program with Quake's orchestra furnishing the music.

An invitation is extended to everyone to attend the banquet.

## EMPLOYS ASSISTANT IN VETERINARY PRACTICE

Dr. William J. Gay, recent graduate of Ontario Veterinary college, arrived Tuesday to assist Dr. G. W. Jensen in his veterinary practice. Dr. Jensen's growing practice has made such demands on his time in recent months that he has found it impossible to take part in recreational or civic activities which he enjoys and which he feels should claim at least a part of his time.

Dr. Gay has much to commend him to the veterinary profession. He was last year's Dominion champion in hog judging, and has been an interested student in agriculture and animal husbandry. In the sporting world he attained recognition the past two years by entering the finals in the middle-weight division for the Dominion amateur boxing title.

## "Kentucky Garden" Will be Staged in Southern Setting

**Casts for Operetta to Be Given at High School Named**

"Plantation days" will be revived for the operetta "An Old Kentucky Garden," to be staged at Antioch High school Wednesday and Thursday evenings, May 22 and 23.

The music and dramatics departments of the school are combining their forces to put on the production. Well-loved songs by Stephen Foster will be sung by the choruses and soloists.

Mrs. Marguerite K. Phillips and Hans Von Holwede are the dramatics and music directors, respectively.

Dr. J. W. Dilley, chiropodist, today announced that he will open his office over the post office in Antioch next Monday and thereafter will spend two days a week here, Monday and Friday, with office hours 10 a. m. to 5 p. m. and evening hours from 7 to 9 o'clock.

Dr. Dilley, who is on the medical staff of the Towers Club, has practiced his profession in Chicago for the past 15 years. His office here will be equipped with the latest devices, including X-ray, for diagnosing and treatment of foot ailments.

The Dilleys have been residents of Lily Lake, Wis., for the past six years and Dr. Dilley has commuted daily to his Chicago office.

## Plan Memorial Day Parade and Program

**Observances Will Be Held at Village Park May 30 at 2:30 p. m.**

Antioch patriotic societies are bringing to completion their plans for the observance of Memorial Day here Thursday, May 30.

Plans as announced by Otto S. Klass, Americanization officer for the Antioch American Legion post, include a parade down Main street to the village park, and a memorial program. The parade will start at 2:10 p. m., followed by the program at 2:30.

Opening the memorial program will be appropriate music by the Antioch Township High School band. Remarks by Klass and the invocation will be followed by the singing of "America" by the entire gathering and another band selection.

Distinguished visitors present for the occasion will be introduced by Adjutant John L. Horan of the local Legion post.

Selections will then be given by the Junior Legion drum and bugle corps.

**To Place Wreath**

A prayer will prelude the placing of a wreath on a symbolic "grave of the unknown soldier." The placing of the wreath, which will honor all soldiers who have fought for the United States, will be under the charge of Daughters of the G. A. R. representatives.

The singing of "The Star Spangled Banner" will follow.

The remaining part of the program is to be turned over to Commander Clarence J. White of the Antioch Legion, who will introduce the speaker. The name of the speaker has not as yet been announced.

A 30-second period of silence in memory of the dead will terminate with the giving of the benediction. A salute by the Antioch Legion firing squad and the sounding of "Taps" will complete the observances.

## Junior Legion Drum Corps Places Third in District Contest

**Receives Award in Hospital Day Parade in North Chicago**

Although only in its second year, the Antioch Junior Legion Drum and Bugle corps took third place in the district competition held in connection with a parade at the Hospital Day celebration at the U. S. Veterans' facility in North Chicago. The trophy won by the corps is now on display in the show window of The Antioch News office.

First and second places went, respectively, to Waukegan and Edison Park drum corps, both of which have been organized for several years. Eight or nine drum corps, including those of Junior Legion groups in Lake Forest, Highland Park, North Chicago and Chicago, took part.

The 42-piece Antioch corps is trained by Tim Killorand of North Chicago, in charge of bugles, and Eric Ericson of Waukegan, drum instructor.

Otto S. Klass is the manager. Arthur Mapletorpe, a past commander of the local Legion post, is training the boys in drill formation.

Leading them in parades are Richard Truax, drum major, and three honorary drum majors—Carol Waters, Mary White and Ruth Glenn.

The drum corps will take part in Memorial Day observances here, and will take part in the program of the Lake county firemen's convention in Antioch June 24.

In August, it will appear at the Wisconsin state Legion convention in Kenosha. The corps will also parade in the Illinois state convention at Danville.

Mrs. George Anzinger attended a conference on Women's Club programs in Chicago Thursday.

## Kufalk, Horan, Phillips Head Postmaster List

**Selected from 27 Applicants as Leading Eligibles for Final Choice**

Final choice of postmaster for Antioch will rest among Roy L. Kufalk, James F. Horan (incumbent), and William S. Phillips, according to word from Washington, D. C.

These three were chosen from 27 candidates who recently took civil service examinations for the position, and their eligibility is said to rate in the order in which they are named.

Kufalk has been employed as a clerk in the post office for the past 14 years, and served as the local civil service secretary.

Horan, formerly employed at the Soo Line railroad depot, was appointed by the Democratic administration six years ago to succeed Miss Lottie Jones, the last Republican to hold the office. He had not, however, taken a civil service examination for the office, as is now required.

Phillips is proprietor of a grocery store on Main street, having purchased the interest of the late Chase Webb in the business about five years ago.

## "Gone With the Wind" Closes Successful 3-Day Engagement

Greatly complimented by lakes region theatergoers for his enterprise in bringing to Antioch a theater "road show" attraction of the caliber of "Gone With the Wind" is Fred B. Swanson, manager of the Antioch theater, where the production closed a successful three-day showing Saturday.

The picture, which has been shown only at "first-run" movie theaters in the large cities so far, was considered an outstanding presentation for even those urban centers, and its being brought to Antioch is considered a real tribute to Swanson's showmanship.

Particularly enjoyed in the showing here, which was full-length and unaltered, just as it was given at the Atlanta premiere, were the beautiful technicolor effects and the excellent acting of the cast headed by Vivien Leigh, Clark Gable, Olivia De Havilland and Leslie Howard.

Besides bringing to Antioch many other outstanding picture attractions, Swanson has introduced many improvements in the Antioch theater during the fourteen or fifteen years that it has been under his management. The sound system and screen are considered excellent, and the attractive decorative schemes of the lobby and interior are the result of careful personal supervision on the part of Manager Swanson.

Swanson, who is also connected with the management of other Illinois theaters, is a personal friend of many outstanding business and political leaders. He is active in lodge work and holds the office of oriental guide in the Medinah temple of the Shrine.

## "Poppy Sale" Planned by Legion Auxiliary May 25

Mrs. W. W. Ward as unit poppy chairman will be in charge of the sale of poppies to be conducted by the American Legion auxiliary here Saturday, May 25. She will be assisted by the other members of the auxiliary.

## Robert C. Abt, Local Realtor, Dies Suddenly

**Heart Attack Wednesday Is Fatal; Funeral to Be Held Saturday**

Stricken by a coronary occlusion, Robert C. Abt, 37, one of Antioch's best-known business men, died suddenly Wednesday afternoon at 5 o'clock.

Abt, who maintained real estate offices at 881 Main street and was one of the few men in Lake county qualified to bear the title of realtor, had gone to inspect property in Boles' subdivision at Lake Marie when the heart attack occurred. Dr. A. N. Berke of Antioch was summoned by a resident of a cottage he had been about to enter when the seizure took place, but found Abt dead on his arrival.

Funeral services will be held Saturday at 2 o'clock from the Strang Funeral home.

Business people of Antioch and the legion of friends Abt had made in other localities were shocked to hear of his passing, for he apparently had been in excellent health.

**Born in Chicago**

He was born September 5, 1883, in Chicago. His marriage to Miss Kate Ward of that city took place in May, 1906.

His wife, their son Ward of Chicago and Antioch, and daughter Jean Louise, who was associated with her father in the business here, survive.

Also surviving are three brothers, Henry of Dixon, Ill., Frank and Fred of Chicago, and two sisters, Anna and Caroline Abt of Chicago.

Before coming here, Abt was a diamond broker in Chicago.

Upon coming to Antioch twenty years ago, Mr. Abt launched several large scale real estate developments.

The Wedgewood subdivision, at Loon Lake, Camp Lake, Wis., subdivision, and Antioch Hills are among the better known local projects promoted by him. As a real estate dealer he was broker in many important property transfers during the past two decades.

**Organizer of Bank**

Marked ability in the field of business and finance was evidenced during his career in Antioch, and many successful business firms have profited through timely and sound advice given by him. Probably his most outstanding local achievement was the organization of the First National Bank of Antioch in 1925, which institution he served as vice-president for several years.

Mr. Abt's recognized ability to judge values brought him the appointment of government appraiser upon the advent of the Home Owners' Loan Corporation in 1933. He served in that capacity for several years.

Among his civic activities was the organization of the Antioch Business Club in the early twenties, and he served that active group as president for many years. He was a charter member of the Antioch Lion club and was a club officer continuously since its organization three years ago. He was first vice-president at the time of his death.

In fraternal circles he was identified with the Masonic lodge. He was a thirty-second degree Mason and had also been a member of the Shrine organization.

**Gardiner is Precinct 3 Committeeman; Votes Valid**

CCC workers who had established their residence in Antioch township at least 30 days prior to the primary election April 9 were entitled to vote, it was ruled by Judge Perry L. Persons last Thursday as he dismissed a petition by Albert Friedle, former Republican committeeman from Precinct 3. Friedle had contested the election of Arthur Gardiner, and challenged the votes of 29 workers at the Fox Lake CCC camp, a large number of whom voted for Gardiner. A re-count of votes cast in Precinct 3 was made, showing the same total as that announced by judges of election April 9—68 for Gardiner and 57 for Friedle.

**Men's Civic Club Will Hear Waukegan Attorney**

Erie Farcy, Waukegan attorney, will be the speaker at the final meeting to be held by the Antioch Men's Civic club, before disbanding for the summer season. The meeting will be held in Koni's restaurant Monday, May 20, at 7 o'clock.

President Otto S. Klass also announces that there will be special entertainment.

Reservations may be made with Armand Dalgaard, newly appointed membership chairman, Telephone Antioch 8.

## The People's Command: Keep Out of War

In 1920 the American people voted on the issue of American involvement in European affairs. The central question was: "Shall the United States guarantee the territorial integrity and political independence of nations in Europe?" through the League of Nations.

The candidates who took the affirmative on this issue were James M. Cox of Ohio and Franklin D. Roosevelt of New York.

The popular vote against them was the largest ever cast up to that time. To this day, no presidential ticket has received as great a percentage of the popular vote as was cast for Warren G. Harding and Calvin Coolidge.

The people had been through one war in Europe, only to find that their sacrifice was fruitless. The beneficiaries of American sacrifice grabbed the spoils, repudiated their debts, and stigmatized the United States as "Uncle Shylock."

Now Germany has run amuck again. Several small nations have been subjugated. The war spreads, thus far to the advantage of the aggressor.

The one overwhelming sentiment in the United States is that this nation shall not be drawn into the war. Sympathy for war victims is strong, reprobation of aggressors is unanimous; but the determination to keep out of war rises above sympathies and antipathies.

"Never again," said millions of Americans after the World War. And today, with Europe aflame, the one command from the people to their representatives, high and low, is:

KEEP OUT OF WAR!

## The Lone Ranger

Little do the youthful open-mouthed listeners to the Lone Ranger radio program realize the fact that his prototype is going up and down the land, bestowing postoffices with a liberal hand upon voters who are expected to show their gratitude by supporting the New Deal.

The Lone Ranger is always masked—and so is Postmaster General Farley. Behind the mask is the chairman of the Democratic National Committee, always doing a good turn for the party as he bobs up in unexpected places.

There's one great difference between the old-time Lone Ranger and his modern prototype. The Ranger paid for his transportation, while the masked chairman of the Democratic National Committee travels in a luxurious private Pullman car at the taxpayers' expense. The Ranger galloped his scores of miles; the latter-day post-office-politician boasts of his hundreds of thousands of miles.

"Hi-yo, Silver! Away!" Another guardian of the New Deal has piled up a respectable traveling account at public expense—the unaccountable Secretary of the Interior, Harold L. Ickes. During a recent explosion of internecine strife among New Deal third-termers in California, who should be drafted as a harmonizer—strange as it may seem—but the victor-tongued Secretary of the Interior?

He went—he saw—he labored. And lo! the feud grew deadlier. Where two factions fought, three are now tearing themselves and the third-term movement to pieces.

He went—at the taxpayers' expense. He labored for third-term harmony—at the taxpayers' expense. He returned—at the taxpayers' expense.

"Hi-yo, Silver! Away!"

The greater the power that the people yield to Government the greater will be the power that Government takes from them. The story is as old as history.

And I couldn't help but stare,  
For they were as different as different  
could be.

And I just stopped to compare.  
For one was a harsh, tough, ugly weed,  
She turned the whole world sour,  
The other was gentle and sweet and  
kind.

She was, indeed, a beautiful flower.  
Please, God, as my young daughter  
grows up

May I sow the right kind of seed  
That she may grow into a lovely  
flower,  
Instead of an ugly weed.

**Latest Divorce Remedy**  
A spanking machine for use on couples who seek divorcees over "trivialities" was suggested recently by Superior Judge Oscar F. Nelson of Chicago, Ill. Nelson voiced the suggestion after Mrs. Mary Yon, 23 years old, appeared before him and sought a divorce from her 21-year-old husband, Edward, on cruelty and desertion charges. She said they quarreled every other day, that Edward frequently threatened to leave home and that he finally "left for good." "We ought to spank people like you who seek divorcees over trivialities," Nelson told the couple. "We ought to have a spanking machine right in the court chamber."

### JEREMIAH DENOUNCES FALSE PROPHETS

LESSON TEXT—Jeremiah 23:1-32.  
GOLDEN TEXT—Prove all things; hold fast that which is good.—1 Thessalonians 5:21.

Tickling the vanity and pleasing the ears of ungodly people with words of flattery and false comfort, giving them the assurance of peace and prosperity in the very pursuit of their sin, did not begin with the false prophets of the twelfth century. Six hundred years before Christ, Jeremiah the prophet had to contend with such false teachers. His manner of dealing with them is of great interest to us, for essentially the false prophets of that day used the same methods and had the same false message that characterize their descendants of today, the so-called modernistic religious liberals who are busy everywhere attempting to undermine the faith of God's children in His Word. They are revealed as being destitute of divine authority, without a real message, and under the disfavor and subject to the judgment of God. They are:

#### I. Without Divine Commission (vv. 21-22).

"I have not sent these prophets"—that should have been sufficient for the people of Judah. A man who is not sent by God has no word from heaven, no help for needy humanity. He is worse than an admittedly secular teacher or philosopher, for he claims to speak with divine authority and yet has only the disappointing impotence of a liar and a fraud.

The reason Judah listened to them was because they so eloquently hushed the condemning voice of their own consciences, assuring them that all was well, when, as a matter of fact, everything was wrong. Men listen to the same kind of teaching today for the very same reason.

#### II. Without a Divine Message (vv. 23-29).

These false prophets may delude men, but they have not fooled God. He is not a finite being, limited to this earth (v. 23). He looks on men from the far off viewpoint of heaven and judges by His own high and holy standards.

Nor can they hide from Him (v. 24). God hears the word spoken in the academic shelter of a college classroom, secretly poisoning the young person's heart against the faith of his father and mother. A day of judgment also awaits those who in their public utterances use the phraseology of orthodoxy, while in private they undermine and destroy Christian faith.

If a man is foolish enough to suppose that the dreamings of his own mind and heart will help anyone, let him be honest enough to call them just that; namely, dreams (vv. 25-28). But God will assuredly not hold those men guiltless who try to pass off their own philosophies as bearing the approval of God; who would have people honor their assemblies as Christian churches, when they are at best only social or intellectual gatherings designed to magnify man rather than Christ.

Note in verse 29 that the Word of God is like the fire that consumes and purifies, and also like the hammer, that breaks up the rocky heart of man.

#### III. Without Divine Favor and Blessing (vv. 30-32).

God is against every false prophet. Small wonder that there is the savour of death in their speaking and their works. There is no divine power in their message and no holy dynamic to enable people to respond to their admonitions. Prominent modernists are decrying in our day the fact that their cultured essays and polished philosophies are not reaching the hearts of men and are failing to transform lives. At the same time, humble preachers and teachers of God's Word, sometimes in hidden and remote places, are rejoicing as they see the transforming grace of God come upon lives as a result of their simple proclamation of the gospel of grace. Keep on, brethren; God is with you.

Observe what God calls the false prophets—thieves (v. 30) and liars (v. 32). Hard words, but they come from One who is all-knowing, who judges rightly and in love.

#### Like the Shadow

I am gone like the shadow when it declineth; I am tossed up and down as the locust. My knees are weak through fasting; my flesh fall-eth of fatness; I became also a reproach unto them; when they looked upon me they shook their heads.—Psalm 109:23-25.

#### It Doth Not Yet Appear

You are not what you ought to be, and you are not what you can be. You may rise yet, and fight a good fight yet, and be a good man once more, after the likeness of God who made you, and Christ who died for you!—Charles Kingsley.

#### Cheating Death

Death from hunger and thirst was averted by Thomas Hamilton, age 51, after being lost three days in grass 15 feet high near Perth, Australia. He reached a telegraph line, shot off one insulator and severed the wire with a second bullet. The repair crew, which arrived from Broome, 60 miles away, found him exhausted in a hole which he had dug with his hands in search of water.

#### Milk for Children

Mothers should remember that milk is one of the best protective foods for the children. A quart a day usually is not too much for a child, or an adult, though the latter may prefer just a pint a day. Most children like to drink milk, but if they do not, it may be supplied in the form of custards, or with chocolate added for a chocolate-milk drink.

#### National Dance Steps

The tumborito is Panama's national dance and the cueca is the Chilean dance.

#### Model Village

An almost perfectly proportioned model village has been constructed in Reading, Pa. The village, built with uncanny precision and attention to life like details, is the result of more than 25 years labor by one man, Laurence Gieringer, who built it as a hobby. It is complete with tiny streets, railroad, electric lights, trees, gardens and people. A choir, and organ can even be heard inside the tiny church, the stained glass windows of which are ablaze with light and color. The houses, averaging about two feet wide, are built for the most part of actual building materials—even to the miniature asphalt shingles on their roofs.

## Mother-Daughter Banquet, Program Attended by 100

More than 100 mothers and daughters were seated at tables decorated in yellow and green with attractive centerpieces of sweet peas and candles. Tuesday evening at the annual banquet sponsored by the Antioch Mothers' club.

The dinner was served at 6:30 o'clock in the St. Peter's parish dining hall.

Mrs. William Kufalk as toastmaster afterward introduced Miss Alice Smith, retiring member of the Antioch High school teaching staff, who spoke interestingly on the part that mothers can play in aiding daughters to make the most of their high school careers.

A toast to the daughters was given by Mrs. Roy Kufalk and one to the mothers by Betsy Messing. Miss Edna Landers of Waukegan gave a reading.

Musical selections included songs by a trio, Florence Peterson, Betty Shank, Gilda Pierce, accompanied by Clara Rasmussen; an accordion solo by Myrtle Hardtke; and a violin solo by June Kutil, who was accompanied by her mother, Mrs. C. L. Kutil.

Mrs. John Doyle gave the invocation at the start of the evening's program.

## Name Zella Ellis "All-Around Girl" at Antioch H. S.

"The All-Around Girl" trophy presented annually by the Antioch Township High School Girls' Athletic association to the senior girl judged outstanding in athletic achievement, scholarship, leadership and comradeship was bestowed on Zella Ellis at the "awards banquet" held Friday afternoon at the school with 50 members present. Zella is president of the Girls' Athletic association of the school.

Other awards conferred were: Numerals—Una Nelson, Dolores Kutz, Juanita Young, Virginia Sorenson, Alice Deuman, Dorothy Peters and Margaret DeBates.

School Letters—Marjorie Ferris, Roberta Selter, Florence Peterson.

First state awards—Vivian Hook, Joan Smith, Mary Kay Lynn, Lois Bonner, Doris Klass.

Final state emblem—Leona Hostetter, Zella Ellis, Betty Hanke.

Membership pins—Charlotte Nash, Elaine Nelson, Doris Strang, Jeanne Mack.

The awards were conferred by Miss Margaret Stanley, physical education instructor, and adviser to the group.

Helen Olson of Mundelein, formerly on the staff of Antioch High, was a guest of honor.

Included in the program were talks, "Parties and Potlucks," Doris Klass; "Intramural basketball and baseball," Betty Hanke; "Hiking in Fall and Spring," Lois Bonner; "Interscholastic Tennis and Archery," Joan Smith.

Committees include Irene Pachay, chairman, Doris Klass, Eileen Horton, Alice Deuman, Shirley Johnson, Dolores Kutz, in charge of nominating the "All Around Girl"; Ruth Glenn, Zella Ellis, Irene Pachay, food and service; Margaret DeBates, Dorothy Aronson, Vivian Cosgrove, decorations; Leona Hostetter, Zella Ellis, Roberta Selter, Eileen Horton, Elaine Nelson, invitations; Betty Hanke, Leona Hostetter, tickets; Margaret Stanley, Betty Hanke, Zella Ellis, Roberta Selter, awards.

## 4-H FOODS LEADERS TO HAVE TRAINING SCHOOL

Prior to starting 4-H club girls out on a career of baking, canning or meal planning, homemaker leaders in the county are to be offered a general review of foods practices, Friday, May 17, at the Home Bureau office in Grayslake.

The training school will start at 1 p. m. according to Mrs. Helen Volk, and will be conducted by Mrs. Elsie Butler.

Each of the various units, dairy foods, salads, canning of fruits and vegetables, cookies, cakes, quick breads, meal preparation, outdoor meals and yeast breads—will be studied as to standards, equipment and technique to achieve a good product, ingredients, and place of the food in the meal. Leaders will also be given help on how to plan programs that will stimulate interest in the project throughout the summer.

Last year 46 girls in Lake county carried 55 foods projects. In the state the most popular unit was that on cookies, with shortened cakes, salads, outdoor meals, dairy foods, meal planning, canning, quick breads and yeast breads following in order of interest.

The foods work is one of the many activities which the extension service of the University of Illinois College of Agriculture sponsors as part of its program to give thousands of 4-H club members training in better home-making practices. Any group of five girls in the county interested in starting in a 4-H foods club are invited to send an adult leader to this training school.

## PAST ORACLES OF OLSON CAMP ARE HONORED AT MEET

Past oracles of Olson camp, Royal Neighbors, seated in a blossom-adorned setting that had as its background a trellis over which were twined flowers of purple and white (the Royal Neighbor colors), were honored at a meeting held Tuesday evening in Odd Fellows' hall.

Flowers decorated the white fence that separated the honored past officers from the audience, and baskets and vases of spring blooms filled every available nook.

Marshal Georgia Nelson introduced the guests of the evening, District Supervisor Gladys Ames of Grange and Charter Member Libbie Wipper of Libertyville, to Oracle Eleanor Edgar, who in turn presented them to the camp.

Olson camp officers then introduced the past oracles, and Mrs. Edgar turned the meeting over to Past Oracle Alma Harden, who acted as oracle for the evening.

The past oracles filling the other offices included: Katherine Dibble as "past oracle"; Myrtle Klass as vice-oracle; Anna Kelly, chancellor; Artie Grice, recorder; Lena Vicens, receiver; Freda Wertz, marshal; Effie Nelson, assistant marshal; Mary Runyard, flag bearer.

Each guest was presented a corsage. An impressive memorial service for deceased members was conducted by the past oracles.

Supervisor Ames gave a brief but interesting talk and Mrs. Wipper gave reminiscences of the period when she was active in the camp here.

Refreshments were served to the gathering, which included visitors from Lake Villa, Grayslake and Berwyn, at tables decorated with miniature symbolic floor cloths and campfires.

Each past oracle found a handkerchief bouquet and a small gavel tied with purple ribbon as her "place favor." Candlesticks and bouquets of spring flowers completed the table decorations.

Card play completed the program of the evening.

Mrs. Georgia Nelson and Pearl Anderson headed the committees who had charge of the affair.

## H. S. STUDENTS PREPARE FOR "PROM"

Green streamers swung from the ceiling of the gymnasium, a grassy "terrace," and a fountain will help to provide a "garden" effect for the setting of Antioch Township High School's "Junior Prom" Saturday evening. Student committees have been busy all week arranging the decorations, which are expected to be unusually attractive this year.

## Methodist Church Will Hold Communion Service

The last communion service of the Antioch Methodist church before summer vacations will be held at 11 o'clock next Sunday morning, May 19. "We heartily invite everyone, regardless of race or creed, to join in this sacred service established by our Master as a perpetual memorial of his death and suffering. Jesus said, 'Do this in remembrance of me.'" announces the Rev. Warren C. Henslee, minister.

# The Observer

"Those who visited the Veterans' hospital at North Chicago, on Hospital Day," said a Lake County Legionnaire yesterday, "saw one thousand reasons why the United States should not get into another European war. Those reasons may not have much effect on those who would like to promote war for the profit they can get out of it... but they may carry some weight with public opinion."

The country editor rubs elbows with his constituency, and he knows their every mood and peculiarity. There pass before him every day the light-wad, the envious and the jealous; likewise the generous, the hopeful, the ambitious. As best he can, he deals fairly with them all, knowing his own frailty and liability to make mistakes. With alacrity and pride he assumes the burden of heavier of wood and drawer of water for the old home town, and never until the angel writes, 30 on his brow does he cease from telling the world of the virtues of his people and the possibilities of the region in which he lives.

Berated for errors, he smiles and says he will be more careful next time. Ridiculed because his paper does not contain as much news or as clever editorials as the great city papers, he shrugs his shoulders, but holds no grudge. Forgotten when invitations are sent out for some high society event, he ignores the slight and tells his reporters to get as good a story of the affair as they can. And when patted on the back by good old Farmer Jones, who fetches in a pumpkin or watermelon or perhaps a basket of luscious pears or peaches, the clouds roll away and the old world is again lighted with good will and the joy of life.

Les Crandall, "Mayor of Namakagon," writes from Cable, Wis., that while folks have shivered and firmly refused to be parted from their fur coats during the nice, snowy spring weather down here, the temperature up in northern Wisconsin has generally hovered around 65 and 70 degrees above zero, fahrenheit. Can it possibly be... can it possibly be that Les is exaggerating a little?

We see by the papers where Fire Chief John Gaedke of Manitowish says he wants it understood that the fire station is no weather bureau. It seems that residents suffering from insomnia have taken to calling the station in the middle of the night to inquire about the temperature.

Every time the telephone rings, Gaedke complains, 15 firemen leap from their beds, jump into their boots, pull up their trousers and slide down the brass pole—to hear someone ask what about the weather.

Bold embroideries of dandelions on some of the town's best lawns are flaunting the message that "spring has come." Somebody said once that if the dandelion were as rare as the orchid we would find it a thing of wonderful beauty. We don't believe that. The dandelion's gold and green have a sort of brave, common beauty; to us, like sunlight and lots of other cheerful, everyday things.

We're getting kind of disgusted over all these war happenings in Europe. How about you? Seems as though somebody always has to be kicking up a fuss. This may be Hitler's "show-down," but it's the people who suffer in the war and afterward who pay the price—and we're willing to bet that in their hearts the "victorious" Germans who do the fighting or have members of their families killed or injured aren't very much happier about it than the people of the invaded countries. The Russians who died in that war in Finland didn't get so much out of it, either. And after all, who is Hitler, or who is Stalin, to be so important? They're just men, and probably not so good as many you meet every day. No matter how this war turns out, when it's over and people sit down to figure out the cost, they're going to decide, "It wasn't worth it."

**World's Archery Record**  
The National Archery association says: "In August, 1933, Ken Wilhelm of Yermo, Calif., shot an arrow 570.7 yards, the shooting being done in a way known as regular style—that is, by holding the bow in one hand and drawing the string with the other hand. On the same day, Mr. Wilhelm shot an arrow 850 yards, using the free style method. In shooting the free style method, Mr. Wilhelm lay on his back with the bow strapped to his feet and drew the string with both hands. Both distances were measured by a surveyor. They are the longest flight shots of which we have any authentic record."

**One-Man Pest Scourge**  
Fifteen-year-old Fred McIntire, Smithfield, W. Va., high school sophomore, has been awarded the conservation commission's prize as the best vermin killer in West Virginia. The one-man scourge on pests won a year's scholarship to a business school for bagging 1,785 snakes, 10 cats, 61 rats, 18 crows, a weasel and a turtle.

## AMUSEMENTS

### "Typhoon" at the Kenosha Theater

Continuing its policy of not one, but two big hits on each change of program, the Kenosha Theatre will play Wednesday, Thursday, Friday and Saturday two smash hits, including

"Typhoon" in technicolor with Dorothy Lamour (above), Robert Preston, Lynn Overman and "Saturday's Children," with John Garfield, Anne Shirley, Claude Rains. Starting Sunday for 3 days, the Kenosha Theatre will play "Edison, the Man" with Spencer Tracy, Rita Johnson, Gene Lockhart, and "Flight Angels" with Virginia Bruce, Dennis Morgan, and Ralph Bellamy.

### Merry Glen Youth Hostel Opens Year

Receives Charter for 1940 from National Headquarters in Mass.

The Merry Glen Youth Hostel at Channel Lake today received its official AYH Charter for 1940 from the National Headquarters of American Youth Hostels, at Northfield, Mass.

Members of the committee sponsoring the hostel are J. O. Austin, chairman, Mrs. William W. Ward, Mrs. N. E. Sibley, Mrs. H. H. Perry, Miss Cornelia Roberts and R. E. Clabaugh. Mr. and Mrs. Herbert S. Roberts, houseparents of the hostel, are preparing for a busy season. Last year they had more than 100 overnight hostellers from several states, representing all walks of life. There have already been a number this spring.

This hostel is one of 52 hostels in the Great Lakes region, in which were registered 2934 overnights during 1939, according to Justin J. Cline, the AYH fieldworker for this region. Neighboring hostels are located at Waukegan, Camp Lake, Delavan, Geneva, Rockford, Half Day and Chicago.

Hikers, bikers, skiers, boaters—all who travel under their own steam, are welcome at youth hostels, which are generally situated about 15 miles apart along hiking or biking trails and waterways. Hostels are, for the most part, located on farms where the farmer and his wife have converted a barn or extra space in the house into bunkrooms and recreation rooms, and act as "houseparents" to the traveling youth. Besides the AYH pass, the hosteller need bring only a sheet sleeping sack, and plate, cup, knife, fork and spoon. The hostel provides beds, blankets, and heavy utensils. The charges are 25 cents for overnight and five or ten cents for fuel. Most hostellers budget themselves to one dollar a day for food and overnights. The AYH pass, which is recognized by 4700 hostels in 18 countries, cost \$1 for those under twenty-one, \$2 for those over twenty-one.

The founder of the youth hostel movement was Richard Schirrmann, a school teacher in Central Europe. He took his students out of the smoky city to the clean beauty of the hills and countryside, where he made arrangements for them to stay overnight in neighboring schools and farms. In this way the idea of youth hostels was born. The first European hostel was opened in 1910 in the Castle of Altena, a twelfth century castle. It was not long before hostels were spreading into other countries, gathering recognition and commendation. Educators led the way; peace leaders saw in hostelling a practical way to build international friendships.

Youth hostelling came to America in 1934, when Isabel and Monroe Smith established the first hostel in Northfield, Mass. Each year has shown an increase in the number of hostellers and hostellers. In 1939 there were 11,145 passholders, and 209 hostels in which were registered 34,782 overnights. Nearly 80 percent of these young travelers were cyclists; the remaining 20 percent were hikers, horseback riders, flatboaters and skiers. "Safe cycling" is the motto of hostellers who travel by bicycle, and it speaks well for them for American Youth Hostels, which educates them to the rules for safe cycling, that there were no major accidents throughout the country during the year past.

The year 1940 promises increased hostelling in many new areas, for the movement is spreading gradually through orderly national development. It is the hope of American Youth Hostels to make hostelling available to all youth who love the out-of-doors and enjoy the simple and rugged living of youth hostelling.

**Psychological Painting**  
The city of London succeeded in reducing by more than one-third the number of suicides from Blackfriars bridge by painting the gloomy old structure a gay, bright green.

## ACES WIN OPENING COUNTY LEAGUE GAME

Defeat Brighton, 14-7, in Curtain Raiser of County Circuit

The Antioch Aces got off to a good start here Sunday in the recently organized Kenosha County baseball league by defeating Brighton in the curtain raiser, 14 to 7. Madsen, on the mound for the locals for the first five innings, allowed but one hit, and he was followed by Schneider who kept the opposing batsmen under control all the way.

Manager L. Lasco used several men in the lineup in order to give a chance to all who were interested in playing with the locals.

Next Sunday the team goes to Petri-fying Springs for a game with Somers.

Following is the season's schedule:  
May 19—Pikeville at Bristol; Brighton at New Munster; Antioch at Somers A. C.; Springs at Triangle Club.  
May 26: Pikeville at Brighton; Antioch at Bristol; New Munster at Springs, Somers A. C. at Triangle Club.

## THEATRE GROUP TO PRESENT MELODRAMA AS NEXT OFFERING

Old-Fashioned Thriller Will Follow "Butter and Egg Man"

"Curse You, Jack Dalton!" or some melodrama of similar ilk will be the next presentation of the Antioch young people's theatre group that staged "The Butter and Egg Man" Thursday and Friday evenings in the High School auditorium.

A definite choice of play and date have not been made yet, but the presentation will probably be staged some time in July, according to Clair Elliott, who is acting as director of the group.

Old-fashioned costumes and stage settings will help to re-create as far as possible the atmosphere of the old-time plays.

Two hundred attended the George Kaufman comedy, "The Butter and Egg Man," which was well received. The play was given here as a benefit for the High School Alumni association. It may be repeated in nearby towns, and arrangements for this are now being made.

The cast included:  
Homer LaPlant as Joseph Lehman, a theatrical agent; Robert Brogan as Jack McClure, Lehman's partner; William Nelson as Peter Jones, would-be theatrical producer.

Edna Lipka as Jane Weston; Jean Abt as Fanny Lehman; Carol Nielson as Mary Martin; Carl Pachay as Bernice Simpson, dramatic critic; Armand Dalgaard as Oscar Fritchie, hotel manager, and Willard Murphy as Attorney Patterson.

spent Wednesday evening in Kenosha. Mr. and Mrs. L. K. McVicar were Kenosha callers Wednesday.

Mr. Dyrton Patrick was at Janesville on business Monday.

The Liberty Cemetery Association will hold a special business meeting Saturday afternoon, May 11, at Trevor Hall at 2 p. m. This meeting will be for the purpose of transacting important business. All members are requested to be present.

Mr. and Mrs. Arthur Bushing were called to Lincoln, Nebraska, by the death of the latter's aunt, Mrs. Lincoln Cull.

The regular meeting of the Salem Center P. T. A. will be held Monday evening, May 13, at the school house. The boy scouts and girl scouts will furnish the program.

The Pricillas will meet Thursday afternoon, May 16, at the home of Mrs. E. H. Hartnell.

Mr. and Mrs. Byron Patrick called on Mr. and Mrs. A. J. Bruin at their summer home at Silverwood on Sunday afternoon.

## 'round the Lakes

Mr. and Mrs. William A. Thompson, who have been busy opening up their cottages at Channel Lake for the start of the season, had as dinner guests Sunday Mr. and Mrs. LeRoy Paddock and granddaughter, Barbara, Miss Ruby Chinn, Richard Chinn and two friends, all of Chicago, and Jacob Kubs of Antioch.

Charles Holmes' resort on Indian Point is among those being opened for the summer these days.

Miss Alzada Meyers, daughter of Charles Meyers of Hillside resort on Meyers' bay, and holder of the first commercial motor boat pilot's license awarded to a woman on the Chain of Lakes, is featured in a recent article and picture that appeared in the Chicago Daily News.

Miss Meyers is a sister of Harold Meyers, president of the Fox Lake Lions club and Grant Township clerk. She is skilled at trapshooting and is a capable fisherman. She is also an accomplished swimmer and horsewoman. While a student at Grant Township High school she won a state championship for speed in typing.

A turkey dinner will be a feature of the "Second Anniversary party" to be held by Mr. and Mrs. John Seitz at Seitz' Place on Bluff Lake Saturday and Sunday, May 18 and 19.

A choice of fried or barbecued chicken on the luncheon menu is offered by Mr. and Mrs. Peter Tass for the "Grand Opening" of their New Palace Inn on Route 21, south of Antioch, Saturday and Sunday. Music and prizes will be features.

Some minor remodeling work has been carried on at Our Country club on Highway 83, at Liberty Corners, north of Antioch, during the past weeks.

The "Season's opening" at Howard Smith's Slide Inn, at Channel Lake, will take place Saturday, May 25. Patrons are being invited to come and bring their friends.

## WEEKLY NEWS ANALYSIS By Farnham F. Dudgeon

## German War Machine Invades Belgium and The Netherlands; Chamberlain Resigns His Post

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
Released by Western Newspaper UnionIT'S HIS FAULT I REALIZE THAT I'LL TAKE THE BLAME  
(Left to right: David Lloyd George, Prime Minister Chamberlain, Winston Churchill.)  
(See Weary Warrior.)THE WAR:  
More Protection

"Germany has respected the integrity of Belgium and the Netherlands under the self-evident precondition that these two countries, in case of war between Germany and England and France, would observe the strictest neutrality. . . . These requirements have not been fulfilled. . . . Thus read the beginning of an official Nazi message handed to the Belgian and Netherlands governments as the world learned that once more Adolf Hitler had unleashed his mighty war machine.

For earlier word had been flashed that the German army had invaded the three low countries: the Netherlands, Belgium and Luxembourg. According to Berlin the Germans were moving into these tiny nations to "protect" them—even as Norway and Denmark were "protected" on April 9—from invasion by Allied forces.

When the news of the invasion reached Paris, French officials, acting in response to an appeal made by the Belgian ambassador, ordered the French army to march into Belgium. In London, Exchange Telegraph, British news agency, reported that 400 persons were killed or wounded in the first German air raid against Brussels. And in Washington when the same report was received the Belgian ambassador to the United States asked the state department to notify Germany that Brussels was an "open" city, contained no troops and therefore should not be bombed.

Meanwhile President Roosevelt, upon learning of Hitler's latest war move, immediately summoned his cabinet officials and army and navy chiefs to plan America's course in light of this newest war development.

## Anxious Days

Elsewhere nations were attempting to calculate the effect of Hitler's invasion of the low countries. The governments were cautious, the citizens—jittery.

Premier Mussolini told Italians that "only facts will break" his silence on Italy's future course of action in world affairs. The Italian press busied itself accusing England of improper motives because of that nation's fleet concentration in the Mediterranean.

In the land of the Pharaohs, Egyptians were "treated" to their first

## NAMES

... in the news

¶ In France, Jean of Arc's name was in the news as soldiers and civilians joined in paying tribute to that nation's legendary heroine on the national holiday in her honor.

¶ In Russia, of course, it was none other than Josef Stalin who had his name in the news as it was announced that Soviet union citizens read more of his literary works than the writings of any other author. Probably it was "planned that way."

¶ One year ago the submarine Squalus was a name in the news when she plunged to bottom of the sea carrying 20 men to death. Now the vessel gets another headline as she is being recommissioned. New name—the Saltfish.

¶ Speaking before the senate banking and currency subcommittee, Senator Sheridan Downey (Dem., Calif.) asserted that future U. S. prosperity depends on the hope of "forcing out" of banks and insurance companies excess savings not being put to productive use.

¶ Another senator, Lewis O. Schwellenbach, was named as a federal district court judge when the senate approved his nomination made by President Roosevelt. The senator intends to remain in congress until the end of the present session.

## AMERICAN LETTERS:

## No Sour Grapes

Usually when the Pulitzer prizes for outstanding work in American letters are announced there descends upon the award committee a deluge of abuse from critics that would strike fear into the heart of the sturdiest of men. But each year the awards are made, abuse notwithstanding.

John Steinbeck

This year experts in general agree that the committee has done well in making the following 1939 selections:

Outstanding novel award to John Steinbeck for his "Grapes of Wrath"; original American play, William Saroyan, for his "The Time of Your Life"; book of history, Carl Sandburg for "Lincoln, the War Years"; Ray Stannard Baker received the award for the best American biography by writing, "Woodrow Wilson, Life and Letters"; and Mark Van Doren's "Collected Poems" was classed as the most distinguished volume of verse. Each winning author is granted a \$1,000 award for his winning work.

## TRANSPORTATION:

## Pay As You Go

While the nation's vacation-minded populace was beginning to salt nickels and dimes away for two weeks of frolic come next summer, U. S. railroads presented a credit plan that will may revolutionize long-distance rail travel. Under this new plan it is possible for any person with respectable credit rating to buy transportation, Pullman accommodations and all-expense tours on time payments on trips costing \$50 or more.

Sixty-six major rail companies are participating in the plan which requires merely that the traveler call at the ticket office, apply for credit in the amount of cost for his proposed trip, wait 24 hours for the routine credit inquiry, and if this is approved he receives his ticket just as if cash was being paid. No collateral is required—only the signature of the individual and no down payment is necessary, payments being made on a monthly basis later.

## HELPING HAND:

## Red Cross

Meeting in Washington for their annual national convention, members of the International Red Cross were read a letter written by President Roosevelt in which he pledged his support for any international agreement which endorsed condemnation of warring nations bombing noncombatants.

Norman H. Davis, chairman of the American Red Cross, reported that U. S. women had made over 2,000,000 garments and surgical dressings in response to demands for these articles from European nations. One million dollars in Red Cross funds was set aside to help European war sufferers, he said.

And \$300,000 more was received in voluntary contributions. Most of this money has been spent and he stated a new drive for funds may soon be necessary.

## EDUCATION:

## Frontiers

Long familiar with trite declarations that opportunity is unbounded, American youth seldom is given a concrete preview of the avenues through which it must make its way in this workaday world. Thus the University of Rochester's (New York) clinic on "New Frontiers in America" convened by that institution's president, Alan Valentine, stands out as a unique and valuable experiment. Here leading industrialists from the nation's major business concerns rubbed shoulders with undergraduates and sought to acquaint them with goals that lie ahead. Langbourne Williams, president of Freeport Sulphur company, keyed the clinic with the declaration that new frontiers are constantly being carved out of wilderness of technical difficulties and from the creation of new natural resources where it was believed none existed.

## MISCELLANY:

¶ Alcatraz prison is being modernized at a cost of over a million dollars, according to James V. Bennett, director of the federal bureau of prisons. Plans call for completion of the project in July. Work is being done while the prison operates normally, entailing considerable risk for the danger of prisoners obtaining dangerous tools or trying to escape.

¶ American exports to Latin American countries in the first six months of Europe's war increased 54 per cent, it was revealed in a report issued by the bureau of foreign and domestic commerce.

¶ Meanwhile, United States Steel corporation stockholders, holding their annual meeting in Hoboken, N. J., were told that the company's export trade had been neatly expanded during the war but the gain was "not traceable directly to the conflict." No expansion for possible war orders is contemplated by U. S. Steel at the present time.

## Stack Those Dishes

Dr. D. E. Beaman, addressing the American Pressive Chiropædic association at Los Angeles, Calif., bluntly told housewives how to do their work, if they want to avoid ill that result purely from the nature of their work and their wrong way of doing it. His panacea was "rest more, eat five small meals a day instead of three big ones, pile up your dishes for the entire day and then do them at one dish-washing session."

## MILLBURN

Mrs. Ida Truax entertained a group of twenty-eight ladies at her home Friday afternoon in honor of her birthday. Bunko was played and prizes were won by Mrs. Leo O'Hare of Waukegan, Mrs. Joseph Strohal and Mrs. Charles Lucas. Guests were present from Waukegan, Wadsworth, Hickory and Millburn.

Eleven young people from the C. E. society drove to Moline, Ill., Saturday afternoon and returned Sunday night. They attended the fourth annual meeting of the Pilgrim Fellowship of Illinois. Those attending were Robert and Margaret Dennman, Howard and Lois Bonner, Milton and Mildred Bauman, Louise Jones, Betty Shank, Thelma Clark, Wilson King and Frank DeYoung.

Mr. and Mrs. Tom Cosgrove of Chicago, Mr. and Mrs. Gussie Christensen and family of Union Grove spent Sunday at the home of their parents, Mr. and Mrs. Oscar Neahous.

John Cribb of Lake Villa called on his aunt, Mrs. Alice Spring, Sunday afternoon.

Billie Herrick and Beryl Bonner with other members of the Warren High School band, played at the Veterans' hospital at North Chicago Sunday afternoon.

Mrs. Ellsworth Fox, Mrs. George Vose, Miss Floy Dixon, Mrs. Emmet King and Mrs. Gordon Bonner of Hickory Unit of Home Bureau were guests of the Diamond Lake unit at the home of Mrs. Earl Kane Thursday afternoon. An interesting demonstration of Canning Fruits and Vegetables in the hot water bath and pressure cooker was given by the local leaders, Mrs. Swanson and Mrs. Sperry. The minor lesson, "Books for Profit and Pleasure," was given by Mrs. George Heinsohn.

Mr. and Mrs. John Dickey and family and Mrs. Mattie Edwards and son, Marc, spent Sunday at the D. B. Webb home.

Mrs. Ruth DeSantis and family of Chicago spent the week-end with her parents, Mr. and Mrs. A. J. Johansen. Robert McCann, Jr., who has been quite ill the past week, is improving.

## NEGLECT OF PULLETS CHECKS GROWTH AND LOWERS EGG PROFITS

Growing Birds Should Have Good Care and Feed for Fast Development.

Human beings, aren't we all? A new baby is born to Mr. and Mrs. Jim Smith and it becomes front page news! Mr. and Mrs. Jim Smith receive the congratulations of the whole community. They are the mother and dad of a new piece of humanity! After a while, teen age comes for that new arrival and he is promptly forgotten. He is only another boy among hundreds of other boys and girls—just that also the way with the chicken business?

A baby chick, fluffy little thing, so pretty, is the subject of almost adoration. The best starting

These two pullets are from a pen of birds that laid only \$6.50 worth of eggs during October, November and December when egg prices are usually at their best.

These two pullets are from another group of birds of the same hatch and out of the same flock as those in the top pen. They were started at the same time and on the same chick starting feed. But they produced \$74.75 worth of eggs during October, November and December. What made the difference. See accompanying facts.

feed is none too good! Then come days more important... growing days the 'teen' age of the chick. We forget. So human are we! Those days when we should be giving our growing pullets the most attention, we too often forget.

### Fast Growth Necessary

It takes feed... sensible feeding... to hit that early fall egg market. "Hit and miss" methods won't do the job. Pullets must be "grown" during those weeks after they have passed the baby chick stage. Many have been the experiments at the Purina Experimental Farm at Gray Summit, Missouri, proving this one point so well. Recalling those facts again and again would only be trite! But we will state one experiment.

Two pens of chicks were set aside for experiment at the Purina Farm. Both pens were out of the same flock and the same hatch. Both were given the same starting mash. Purina Startena, for six weeks. Six weeks passed and there appeared no material difference between the two pens. Beginning the seventh week, that often critical week, like the seventh inning in baseball, one of the pens was given a balanced growing mash.

Purina Growena. The other pen of chicks was given the finest quality grains, along with good alfalfa range. Too, they got bugs and grasshoppers, all they could pick up.

Five months went by. What a change! The pen fed on the balanced growing mash contained big, well-developed pullets that appeared ready for heavy production. The birds in the other pen were 1 1/2 pounds lighter, not ready for laying. Then starting the fifth month, both pens were given Purina Layena.

Difference of \$68.25. Came October, November and December. The pen of well-developed pullets laid 2,990 eggs, worth \$74.75 at 30c per dozen. The other pen of birds produced 260 eggs worth \$0.50. What a difference! \$68.25 in favor of the well-developed pen.

That's the story of good feed during the growing period. The 'teen' age, so to speak, when we are so apt to be neglectful—but vastly the most important period for money making in the chicken business!

### Photographing Paint Odors

One of the more novel experiments attracting the interests of scientists is the photographing of paint odors. Although it is not a universally accepted fact, it is generally believed that the odors dispensed from drying paint and other aromatic substances are due to the emanation of material particles. Accordingly, one scientist has conceived the ingenious method of suspending odiferous substances over a clean mercury surface on which has been spread a thin layer of talc. This talc is gradually pushed away from the center as the redolence impinges upon the surface, and a design is formed which appears to be characteristic of each individual odor. The design is then photographed.

### Railroad Motor Trucks

Today railroads use 93,800 motor trucks in intercity haulage, terminal transfer and store delivery service, according to a recent statement by the Automobile Manufacturers association. In 1925 they used but 900.

## SLOW GROWING BIRDS COST MORE TO RAISE SAYS POULTRY EXPERT

Farmer Pays for Growing Mash, Even if He Doesn't Feed It.

"Practically all good chick raisers use a good commercial starting feed and do a good job of starting their baby chicks," says Don Purcell of the Poultry Department of Purina Mills. "But so many of them slip during the growing period—the most important period of all."

Purcell, in a common-sense way, points out the real importance of feeding a nationally recognized growing mash during the growing period—that period after the six weeks starting time! "The poultry raiser actually pays for a good growing mash whether he uses it or not," declares Purcell. "Pullets improperly fed take longer to mature. This creates a feed loss and an egg loss. And this right during the highest egg market."

And Purcell has good supporting authority to prove his contention about feeding during the growing period. In agreement with him on his ideas of good feed during the growing period is G. P. Vickers of the Ohio Poultry Improvement Association, who claims a pullet must be ready to lay 30 eggs during October, November, December and January if she is to be profitable—a money-maker!

## LIVESTOCK PROFITS COME TO THOSE WHO PLAN RIGHT

The livestock farmer who makes money... gets the most out of living is the one who follows a four point program, in the opinion of Grafton Lohrop, manager of the Sanitation Department of Purina Mills.

Good Breeding	Sound Management
Careful Sanitation	Good Feeding

And Lohrop states his case in a simple way. He maintains that profits from farm stock depend on good breeding, sound management, careful sanitation, and good feeding. A four point program!

Lohrop's ideas run like this: Good breeding does not mean high priced, far-into-the-money pedigreed animals. Not at all. Just strong, vigorous, healthy animals which are capable of high production if properly handled. Sensible way to look at it after all!

Intelligent handling. And by sound management, Lohrop means that the farmer get down to fundamentals—actually get down to the old rule-of-thumb methods. That's what he means. Just common horse sense!

And when it comes to sanitation, well, now we're talking down Lohrop's alley! This means a program of protection—a lot like life insurance that protects the farmer's livestock and poultry—and his expected profits from losses caused by disease, parasites and insects. A large order, yes, but one which can be filled!

Feed right. Sure! The farmer who fails to feed right does not get from his birds or animals all that they are capable of producing. And so Lohrop echoes again and again the words of the nation's best feeders: Follow a program of good breeding, sound management, careful sanitation, and good feeding. These are the avenues up which one moves to farm stock profits!

ELECTRIC OUTLETS

## Make Sure...

for tomorrow beckons  
with new and improved electric home conveniences

Proper wiring is one of the most important features of a modern home, and yet it is often easily overlooked when plans for building, remodeling, or modernizing are discussed. With wiring for the most part out of sight behind walls and under floors, by far the greater percentage of homes of today have wiring facilities that are totally inadequate to meet the ever-increasing uses of electricity.

Each passing year sees an ever wider acceptance of such well-known electric aids as air-conditioning, modern lighting, refrigeration, and numerous small electric home appliances. If you are building, remodeling, or modernizing your home, make your plans include

adequate wiring for both present and for future needs. Perhaps your present budget may not permit the inclusion of all the electric aids you hope to have some day, but by allowing in advance for such future contributions to better living, you can make substantial savings later. And you'll also find proper wiring saves from day to day by delivering all the electric power you pay for...wasting none. Look ahead...Plan ahead...Live ahead! Get in touch with your neighborhood Electric Wiring Contractor and let him show you how easy and economical it is to install adequate wiring in your home. Ask him for full particulars!

## OPEN HOUSE ON P & S PROJECTS

Sponsors and workers of the three W. P. A. Professional and Service projects operating in Antioch and vicinity will meet at the Channel Lake School Monday, May 20th, for a joint dinner and program. The projects include recreation from Antioch and School Lunch projects at Oakland and Channel Lake schools.

This meeting will open "This Work Pays Your Community Week" which is being observed nationally and locally from May 20th to 25th in order to acquaint communities with the services being offered to them by these projects. A special radio program from Washington, D. C. will be heard May 20 from 8 to 8:30 p. m. daylight saving time with Mrs. Eleanor Roosevelt, Col. F. C. Harrington and John P. Carmody speaking about the Professional and Service projects.

The public is invited to visit these projects during the week and to offer any suggestions which will be helpful in improving the services being offered.

Visiting hours at the Oakland School Lunch project will be from 10 a. m. to 3:30 p. m. on Monday, May 20. The Channel Lake School Lunch project will have open house May 20th to 25th from 9 a. m. to 2:30 p. m.

The Antioch Recreation association and the Recreation leaders invite friends to visit their project at the Grade school.

The program for the week is as follows:

## Croquet Players "Limber Up" for Season's Frays

### Lake Region Champs Hope to Arrange Games With Nearby Cities

Croquet players around Antioch are beginning to "perk up and take notice" these days, what with an occasional day of warm weather coming along to remind them that summer and the time they will hold down the grassy courts in all their glory, is not far distant.

A few of the Antioch players enjoyed a small workout recently on the lawn at the home of Joe Panowski.

The court at Dick Moran's Fairway grill on Highway 83, which was used in several matches last summer, has been re-seeded and will need a little time to establish a firm turf before it can be used.

That at Johnny Gever's tavern, Trevor, is believed to be in fair condition, however, and it is expected that other courts will be available.

Last year a series of tournaments was climaxed with sets between Kenosha county and Antioch region champions.

This year, the lake area croqueters are hoping to schedule matches with players in various nearby cities. Waukegan and Kenosha are among those said to have some excellent players.

Meanwhile the lake region champions who used to carry on their matches until 1 and 2 o'clock in the morning under floodlighted courts last summer are "practicing up" occasionally and hoping for more favorable weather.

**Loyal to the Sea**  
A loyal navy wife at Redding, Calif., thought it would be fine to have red and green running lights on her automobile, so had one headlight red and the other green. A highway patrolman warned her such lights might be fine on the high seas but that they are distinctly taboo on California highways.

**Water Powered Clock**  
In the Villa Borghese, Rome's largest municipal park, there is a clock operated entirely by water power. The water drops from a fountain and is caught in a series of descending cups to provide mechanical energy.

Utopia for school children is the town of Calexico, Calif., situated on the international boundary, where American national and state holidays are observed along with the various Mexican civil and religious celebrations.

**Potatoes' Record Price**  
The wholesale price per bushel of potatoes in 1919 rose to \$2.84. This is the highest price on record.

## The Treasure Chest

### FAITH

(by A. Chappel)

In actual life every great enterprise begins and takes its first forward step in faith—Schlegel.

There are many formulas for success. Current literature is replete with inspiring accounts of men who have worked their way upward against obstacles to final great achievements. Among the factors which make for success in such lives we find ambition, energy, perseverance, enthusiasm, and faith. Of these, faith seems by far the most important. For faith in one's self and one's abilities is the necessary foundation upon which to build; while faith in God and His divine aid and guidance is the necessary power with which to erect the completed structure.

Faith, we are told, is the substance of things hoped for. Faith would not be needed if there were no difficulties; it is just because of obstacles that faith is necessary. "Faith," says G. K. Chesterton, "means continuing to believe when all human reason, all logical grounds for such belief fail." Whittier tells us that "The steps of faith fall on the seeming void, but find the rock beneath."

On the part of the individual, faith would seem merely an exercise of the constructive imagination. And so it would be, were man the highest in the universe. But faith is more than an attitude. It is a relationship with the Universe and with that Universal Power which we call God. Faith, like a human radio station both transmits the individual desire, and receives from the Unknown the answer. As Stoughton says, "Faith does nothing of itself, but everything under God, by God, through God."

The afflictions which come to mankind sometimes tend to center his consciousness upon the limitations. This is a veritable prison. Seek release through faith and make of the will a door through which the confirmations of the spirit may come. As you do this in all sincerity, there will come to you an assurance, a new power, a confidence in a new connection, a presence and strength which are reliable, impregnable and life-giving.
